Surface Dust Removal • Electrostatic Neutralising • Electrostatic Charging • Measurement Systems

AUTO DC Technology® is a registered Trademark of Hildebrand Technology

Our advantages - Your benefit

Quality Management

Visualization of all system parameters via WLAN or Bluetooth communication

Smart Factory

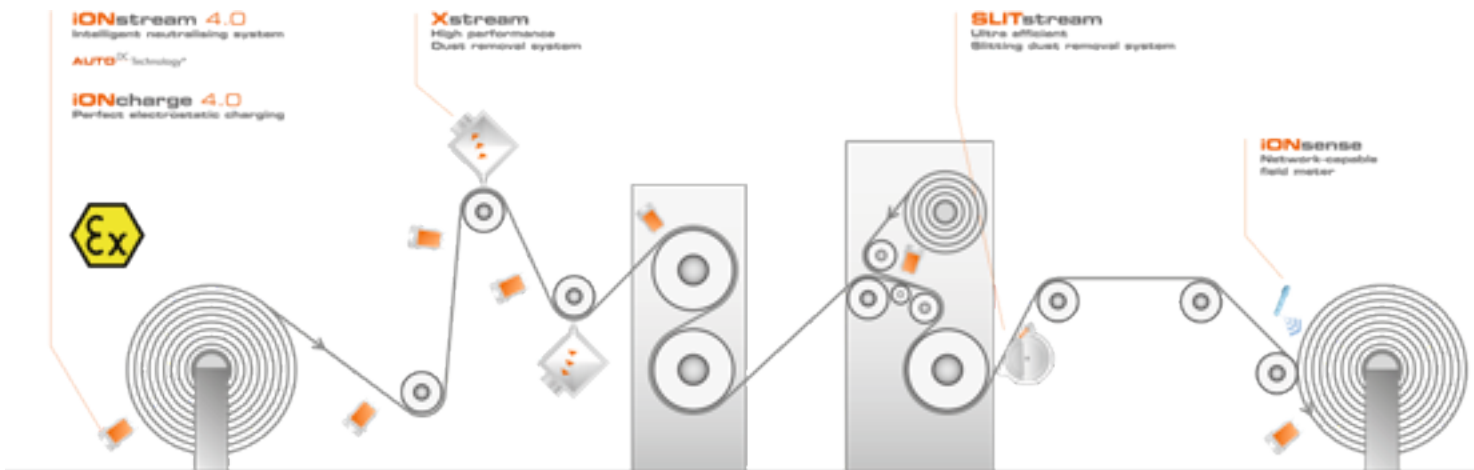

All our systems are decentralized micro-processor controlled

Control

Measurement and logging of the residual charge and the cleaning efficiency

Safety

Latest standard of safety features according to CE, EN, ATEX Norms and EX protection II2G 2B T6

Applications

**Plastic-,
Film-,
and Sheet
converting**

**Tissue
Textiles
Non-woven**

**Glass
Wood
Metal**

**Paper
Cardboard
Corrugated**
